WHAT WE ARE LEARNING

- * **Math** – We are hitting our MID-MODULE Assessment this week on multiplying and dividing with arrays. We have practiced these skills and REVIEWED today in class.
- * **Reading** – We have studied our own READING LIFE and established some early routines in our reader's workshop. We will continue our focus this month on our Growth Mindset and learning the Comprehension Strategy or Asking and Answering Questions while we read.
- * **Writing** – Focus on writing complete sentences and convention checklist that we will make a habit in our writing this year.
- * **Science** – Finishing up our studies of What is STEM? This week and will begin our unit on Life Cycles
- * **Social Studies** – Continue study of citizenship (communities, laws, rules, etc.)

HOMEWORK

* We will have our first Scholastic Book Order come home this month. Be on the look out for flyers and an email with ONLINE information for ordering.

* I have set up a PRIVATE class Instagram account to let you all have a peek in at some of the things we do in the classroom. Only those parents that ask to join the group will be allowed by me.

NOTES FROM THE TEACHER

Parents,
We have had a great start to the year! We are still adding and fine tuning routines for our classroom. Every day is something new as we work to tighten our schedule and get more learning in every day. Please be flexible with us as we get to know the students and make decisions that are best for the children. I have been enjoying getting to know your children and sharing the days with them.
Mrs. Bixler
