

November 11, 2019

Dear Parents,

It was so nice visiting with you during our conference time. I never get tired of talking about your children and their education.

I have chosen two basal stories for us to read this week. The first story is *How Chipmunk Got his Stripes*. It's a folktale that teaches a lesson. The second story is *The Secret Life of a Tree*. It's a great story for this season and connects perfectly to our science learning. We will spend the week collecting leaves so we can look at leaf structures in an effort to see how they provide nutrients to plants/trees by using a process called photosynthesis. - We will then use our leaves to create a fall picture. If you have any cool leaves in your yard, you're welcome to send them in for this project.

We will be modeling numbers within 1,000 with place value disks this week as well as counting and making change.

Reminders:

- Book Fair begins Monday 🍌👍
- Veteran's Day Program in the auditorium on Monday at 8:30.
- David Biedrzycki's will be visiting our school on Monday, November 11th to support our reading and writing program. He will be speaking to our 2nd graders at 2:00 -2:45 in the auditorium.
- Guest Readers this week: Vic Topper on Monday, Whitney Cook on Tuesday, Nicole Topper on Wednesday, and Jamie Lee on Thursday.
- Turkey Project is due on Friday.
- Report cards will be sent home on Friday.

Have a wonderful week!

Respectfully,
Mrs. Linda Hall
