

Third is the December News

Contact: erin.bixler@anchorage.kyschools.us Room 121

WHAT WE ARE LEARNING

Math – Module 3 is continuing multiplication and division strategies. Mid-Module and End of Module tests will be before break.

***Reading** – continuing research on biomes to create Google Slide presentations and support our STEM activity.

- **Writing** – we will be revising our personal narratives and making final drafts.

* **Science** – We will study animal survival in biomes and complete a STEM challenge on topic.

* **Social Studies** – Complete government study around the world and end with a study of Holidays Around the World.

HOMEWORK

Get READY for our...
CLASS BOOK EXCHANGE
We will exchange books with each other the morning of the **Dec. 20th**.

PLEASE Bring a book that is:

- gender neutral
- New
- \$10ish
- Wrapped with a tag that says "From: your name"

NOTES FROM THE TEACHER

Families,
Since conferences, I have seen a turn-around in our efforts in the classroom. The students have been hard at growing their brains. We will continue these routines through December! 😊
