The **Kentucky Center for School Safety** always has the best interest of our Anchors in mind. During this time of transition, school safety has morphed into safety in *other* environments; whether you are at home, grandma's or elsewhere, it is important to think smart and know the healthy practices that will keep you safe and others too.

To encourage you to do so, the Kentucky Center for Safety brings you a **COVID-19 Safety Pledge**. This pledge is a way to help students, parents, teachers and community members unite (a state map that changes color as their county takes pledges) to practice safe habits.

All Anchorage students and their families are encouraged to take the **COVID -19 Safety Pledge**.
