----- Science -----

[Kentucky Academic Standards](#)

Learning Target:	I can think like an engineer
Duration:	45 minutes
Activities:	<p>Students will be using materials to plan a design and then build a working water slide that will take a toy figure down the slide- without leaking water. Students will have to select materials to line their slide so it won't spill water. The slide must resemble a slide, have a turn, and have a ladder.</p> <p>First students need to make a blueprint of the water slide. Then, they need to select materials around the house that they will use. Do not go buy supplies. Look at samples in google classroom for material ideas.</p> <p>Build the waterslide.</p> <p>Test the water slide.</p>
Additional Information:	Come to class with all your materials for building the waterslide.
